

Remember Kids...

1. Cross the street at the corner.
2. Play where it is safe ... away from traffic.
3. Always tell a parent where you are going.
4. No one deserves to be hurt - bullying is wrong.
5. Know and obey bicycle safety rules.
6. Wear your seat belt when you ride in the car.
7. Be aware of people that you do not know.
8. Learn how to use the phone to call for help.
9. Never give your name or address to anyone on the internet.
10. Remember police officers are our friends. They want to help you stay safe.
11. Girls and boys - think about becoming a police officer when you grow up!

An Important Message to Parents ...

One of the ways children learn how to act is by what they see and hear their parents do. Parents must set the best example possible for their children. It's up to you to teach your children the habits that will assist them in becoming good citizens.

Review this book with your children. Help them to develop and trust their instincts or internal alarm clock. Reinforce positive behaviour and take the time to answer their questions, but most importantly ... **be a good listener.**

For additional street safety tips and resources including access to the Ottawa Police Service's free Child Print program offered by Community Police Centres across the city, visit us at ottawapolice.ca.
